# 

The Golf GTX Range is built to withstand various road conditions and weather elements, making it ideal for long-distance travel and adventures.

Despite its rugged capabilities, the Golf GTX Range doesn't compromise on style. The interior and exterior design focus on contemporary aesthetics with sleek lines and premium finishes.

The GTX range offers improved safety systems that provide peace of mind on the road, such as advanced braking systems, a robust chassis design and the Alko off road Enduro X suspension.

The GTX range specifically designed to work completely off grid. This is achieved by using golfs unique one-piece roof design that allows for a large solar array which is backed up by 2 high capacity underfloor mounted Lithium batteries. Along with the DC-DC charging system, onboard inverter and energy efficient appliances. The GTX allows you to stay of grid without having to compromise on comfort.

Golf GTX range is designed to provide a superior touring experience by combining rugged durability and full off-grid capability with luxury styling and modern design.

## **GOLF GTX EXTRAS**

- Premium paint colours
- Premium decals
- Stone guard
- Colour coded bike rake
- Black awning (electric)
- Interior design colour choices upgrade
- Premium off grid power system
- Cowfish tv antenna
- Starlink pre install connection
- Forward spotlight
- Cowfish 5G router with roof mount antenna
- Dometic dust reduction system (DRS)

## **STANDARD GOLF GTX INCLUSIONS**

- 224 Ltr Compressor fridge
- Patio light over kitchen
- Houghten inverter air conditioner
- PM300 BT (BMS) Battery System
- 2 x Gas bayonets
- Reverse camera
- 3000 Watt inverter
- External shower
- Leatherette
- PM shunt
- Grey water tank
- Splashback
- 2 x 420 AMP lithium batteries
- GT style tool box with lift up lids

POWERED BY  
**PROJECTA**

**The new Intelli-Grid Compact 100 Series offers:**

- ✓ 1. The Intelli-Grid Compact Series is designed to fit seamlessly into any caravan build while offering full customisation to match different off-grid needs.
- ✓ Integrated DC-DC Charging –60A (Compact-100) to optimise power from your vehicle's alternator.
- ✓ Intelli-Grid Command Module – 9 fused outputs with Low Voltage Disconnect and 4 water tank inputs for complete caravan power management.
- ✓ 2. 1.2 Kilowatt Solar Array consisting of 6 x 200 watt solar panels.
- ✓ 3. High-Performance Inverter/Charger –3KW, with powerful 180A of AC charging.
- ✓ 4. 7" Colour Bluetooth Display – Full system control and real-time monitoring via an intuitive touchscreen.
- ✓ 5. 40A MPPT Solar Controller x 2. Delivering 80amps of Solar Charging: all while driving & when vehicle is in sun at your campsite.
- ✓ 6. Market leading 420Ah Chassis Mount Lithium Batteries x 2 Batteries for 840Ah of Off Grid Power.

**Why we choose Projecta for our caravans**

At Golf Caravans, we take pride in building caravans that offer reliable, off-grid capability, ensuring our customers can adventure with confidence. That's why we integrate Projecta's Intelli-Grid, including the new Intelli-Grid Compact 100 Series, into our builds, delivering market-leading battery management, power distribution, and charging solutions for seamless off-grid power. The Intelli-Grid Compact 100 – Small in Size, Mighty in Performance.

Projecta taken the advanced power management of Intelli-Grid and packaged it into a more compact, flexible, and fully customisable system. The Intelli-Grid Compact 100 Series delivers serious power while offering caravan owners more control and adaptability than ever before. Compact, Yet Packed with Power.

**Reliability we trust**

We know that when our customers head off-grid, their power system must work—every time. That's why we choose Projecta, a brand that stands for: Proven Reliability & Market-Leading Warranties – Designed for endurance and backed with confidence. Industry-Leading, Innovative & Patented Technology – Smarter solutions for superior performance. Seamless System Integration – A complete range of products for total power control.

**Unmatched after-sales support**

One of the biggest reasons we trust Projecta is their dedicated after-sales support. Their team of highly skilled electrical engineers is available to take direct customer calls, ensuring that if our customers ever need help, expert advice is just a phone call away.

By choosing Projecta's Intelli-Grid Compact 100, we're equipping our caravans with a reliable, high-performance power system - ensuring our customers stay powered, no matter where their adventures take them.
